# SANTA BARBARA

B E R N H A R D T

With its painstaking attention to detail and its streamlined artistry, the Santa Barbara collection ushers in a new era of traditional furniture design. The collection offers classic forms complemented by lighter and brighter finishes and materials. The Sandstone finish on oak veneers and the Textured Cameo finish on faux stone serve as examples of the collection's fresher color palette, while the Vintage Nickel finish found on the unique hardware and metal accents sets off the pieces without overwhelming. As you look closer, Santa Barbara's finer points emerge: a geometric, hexagonal pattern in cast faux stone here, performance fabric wrapped pieces there, as well as other subtle elements like an intersecting veneer pattern, overlay molding in a tracery pattern and a diamond motif in metal and nails. The list of design details could go on, but when it comes to Santa Barbara, its true potential is found in how livable it is. Once you give in to its laid-back California vibe, it never lets go.

# GEOMETRIC SHAPES

---

With Santa Barbara, unique shapes and forms make regular appearances, adding to the collection's unique allure. Cast hexagonal patterns, wood tracery overlays, and intersecting veneer patterns showcase its sophisticated sense of artistry.

# DISTINCTIVE ACCENTS

---

A collection's commitment to craftsmanship is often found in its accents. With Santa Barbara this is definitely the case, as cast faux stone, performance fabric, and light travertine work seamlessly with rustic nailheads, hand-antiqued mirror, and Vintage Nickel metal.

## SIGNATURE ELEMENTS

### INSPIRATION

Refined and reasonably scaled, Santa Barbara offers a fresh perspective on traditional furniture design. With this furniture collection, you'll find updated designs and materials inspired by California's laid-back vibe and unique sense of style.

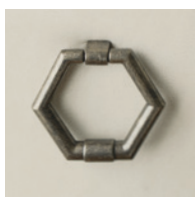

### ARTISTRY

Santa Barbara's clean forms are one of its distinctive features. Yet, unique details include: a hexagonal pattern in cast faux stone, faux leather wrapped pieces, diamond motifs, overlay moldings, intersecting veneer patterns, and more.

### ACCENTS

The group's accents abound. A faux stone material, creamy performance fabric and light travertine offer a neutral color palette, while tinted stainless steel in Vintage Nickel, rustic nailheads and hand-antiqued mirror are dramatic touches.

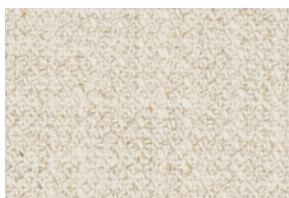

### HARDWARE

The Vintage Nickel finish tinted for an aged look reemerges on the collection's hardware, which comes in the form of hexagonal pulls on leather, modified ring pulls, tab pulls and a square faceted metal cap featured on the sides of a bench.

## FABRICS

Santa Barbara's fresh color palette is served well by tan fabric tones that pair effortlessly with the finishes in the collection. A performance fabric with a faux leather look and feel, offers extra durability. Across all materials, these neutral shades combine to deliver a polished yet casual feel.

## WOODS, FINISHES & MATERIALS

Oak veneers have been wire-brushed and cerused, which gives them subtle texture and lighter strokes of color in the grain. The handsome tan Sandstone finish is a perfect complement to the Textured Cameo on cast pieces. A Vintage Nickel finish, found on metal, and a rich travertine round out the collection's unique materials mix.
